FINANCIAL AND COMMERCIAL.

Business in financial circles continue to rule quiet, with animation in money circles and nothing doing aside from local checking and depositing. The banks report collections easy, with fair deposits and the supply of currency equal to the demands of trade. The discount market remains unchanged, first-class paper ruling at 8@10 cent. annu; on the streets money is in demand at 2@3 cent. month for short loans. Brokers are paying 110@110 1/4 for gold, with few transactions. Exchange is in light supply, with a light demand at the following rates: On New York and Eastern points buying at par and selling at 1/4 premium; New Orleans, 1/4 discount buying and selling at par. Local and foreign securities remain dull and nominal, with little movement in the market; in fact, aside from a few light transactions in police and fire scrip, which was taken at 90@92, there was nothing doing.

COTTON.

The market this morning opened firm, with a moderate demand and light offerings; the slight advance in Liverpool stimulated the market, hence the firmness of the market. Estimated sales for the day, 100 bales; sales yesterday footed up 100 bales, all to spinners. New York futures were firm. Liverpool was firm, with an advance of a fraction, and sales of 12,000 bales.
